Book Version

This is version 0.9 for Swift 5.3, Xcode 12, macOS Big Sur, and iOS 14 released November 2020. All code has been tested on Apple Silicon.

Code Download

Visit <https://github.com/editorscut/ec010functionalkickstart> for all of the code for this book.

Run it in Xcode 12 or higher. All code is written in Swift.

Recommended Settings

The ePub is best viewed in scrolling mode using the original fonts. On smaller devices I also choose landscape. For some reason that I don't understand, scrolling mode is supported by Apple's Books app on the iPad but not on the Mac. If you view this book in Apple's Books app, choose "Let lines break naturally".

Submit Errata

Submit your [errata here](#) for the book or for the source code by selecting New Issue. Please provide the book version listed above, chapter, section, and page number in your issue so that I can find it and, if possible, resolve it quickly.

Official Links

Please check <http://developer.apple.com> for additional resources including videos, sample code, documentation, and forums. You'll also find information on what is required to take advantage of these resources.

Apple has posted videos, slides, and sample code from the [Worldwide Developers Conference](#).

Legal

Every precaution was taken in the preparation of this book. The publisher and author assume no responsibility for errors and omissions, or for damages resulting from the use of the information contained herein and in the accompanying code downloads.

The sample code is intended to be used to illustrate points made in the text. It is not intended to be used in production code.

Many of the designations used by manufacturers and sellers to distinguish their products are claimed as trademarks or service marks. Where those designations appear in this book, and Dim Sum Thinking, Inc. was aware of the trademark claim, the designations have been printed with initial capital letters or in all capitals.

This book uses terms that are registered trademarks of Apple Inc. for which the terms of use don't permit rendering them in all caps or initial caps. You can view a complete list of the trademarks and registered trademarks of Apple Inc at <http://www.apple.com/legal/trademark/appletmlist.html>.
